Introduce

Stamps for a **CLEANER WORLD**

When You Make MaxLight™ Daters, PSI™ or Slim Stamps™, You Are Already Helping the Environment.

THINK

GREEN

Reduce - Waste, air and water pollution

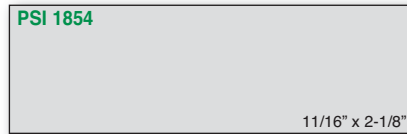

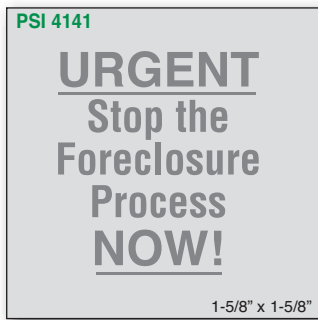

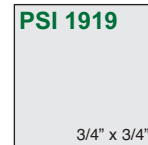

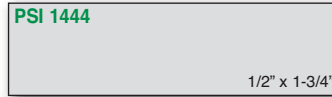

Re-Use - MaxLight™ Daters, PSI™ and Slim Stamps™

are re-usable indefinitely. Visit www.re-usestamps.com for more info.

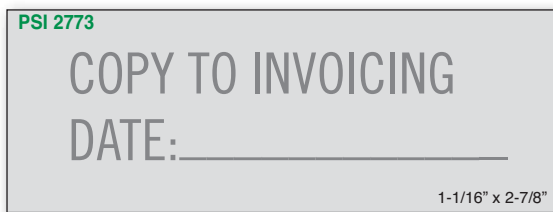

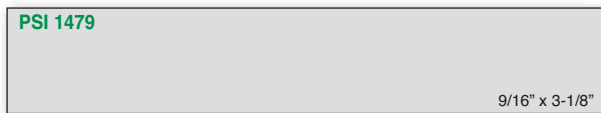

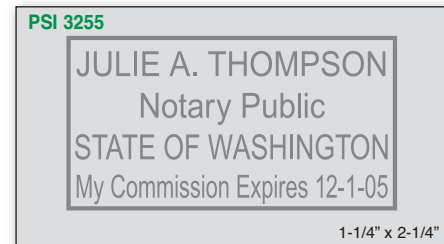

Recycle - PSI™ stamps are made from 50% post consumer recycled plastic

Our PSI brand creates three to five times the number of impressions of a traditional self-inker. While you may be constantly replacing pads for “the other brand”, our PSI just keeps going and going. No replacement pads are ever required, thus you eliminate wasteful plastic, foam and ink ending up in landfills.

**CALL FOR
LARGE QUANTITY
DISCOUNT**

Our PSI has a massive ink load that reduces the need to buy replacement pads. Our stamps are easy to re-ink to extend the life indefinitely. Our patented “Z” concept allows for quick and easy re-inking.

Our PSI Stamps have a unique “slide-out” feature. The printing plate is enclosed in a cartridge that slides in and out. If your message changes, Re-Use 80% of the same stamp by replacing the printing cartridge and Re-Use the stamp indefinitely.

Our PSI Stamps are made from 50% or more post-consumer recycled material.

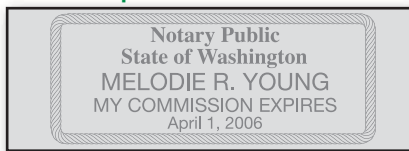

SLIM STAMP™

Slim Stamps use 80% less plastic to start with. They are compact and make the same quality of impressions as MaxLight and PSI Stamps. They create three to five times the number of impressions of a traditional self-inker. Packing a double punch...using a slim stamp as your everyday stamp not only reduces the amount of plastic, the printing portion can be replaced indefinitely as well.

MaxLight™

MaxLight Z Daters have a massive ink load, thus reducing the number of replacement pads by the power of 10. Re-ink and reduce the need for replacement pads forever. The printing plate is encased in a die plate that detaches easily. Simply pull it away from the frame and replace it when the text changes. Or, instead of having multiple daters at your desk, consider multiple die plates, thus saving significant dollars and reducing waste. Due to the chemical make-up of the date band, the dater can not be recycled. However, the ease of re-inking and use of interchangeable die plates enable the MaxLight Z Daters to be re-used for 14 years.

To re-ink the printing cartridge, simply remove the body of the dater from the base by pulling upward. After re-inking simply reattach the body to base.

Custom Pre-Inked Stamps

MaxLight XL2 Pre-Inked Stamps

MaxLight pre-inked stamps offer exceptional impression quality while eliminating the need for messy stamp pads. MaxLight pre-inked stamps give you thousands of impressions before re-inking. The dust cover protects the impression area against accumulation of dirt and debris. To re-ink, simply pull off the handle and apply a few drops into the ink chamber for thousands of additional impressions. From address stamps to inspection stamps to daters, the versatile MaxLight pre-inked stamps offer products to meet all of your marking needs.

Traditional Rubber Stamps, Ink Pads & Re-Fill Ink

We offer the traditional wood handle rubber stamps. Many years of proven durability. No fancy un-needed features, just a rubber stamp with a handle and an ink pad.

DEEP MOLD

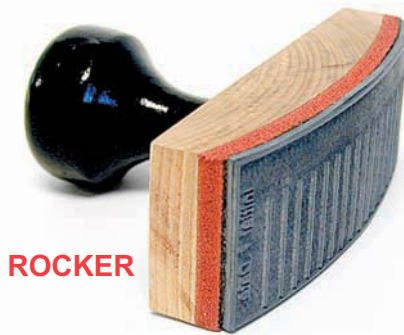

Deep mold rubber stamps, rocker rubber stamps and base lock rubber stamps are a few examples of rubber stamps that are not available as a self-inking or pre-inked rubber stamp.

Perfect for stamping rough surfaces such as wood or uneven surfaces.

These show how customizable traditional rubber stamps are.

ROCKER

BASE LOCK

If you have a special need contact us and we will see how we can help you.

STAMP PAD

Shiny Felt Stamp Pads are simply awesome!

S-2F **NO. 0 size** 2-1/4" x 3-1/2"
 S-3F **NO. 1 size** 2-3/4" x 4-3/8"
 S-4F **NO. 2.5 size** 5" x 7"

SUPREME INK

Re-inking a pad instead of replacing it is the "greener" thing to do. Re-inking is the "right" thing to do since it reduces waste. Sell re-fill ink instead of replacement pads and help our environment. Your customers will love you for this added value and ecologically-friendly concept.

Shiny Supreme Ink is available in 5 great Colors

Black, Red, Blue, Violet, Green

Thermal & Engraved Nametags

Engraved Custom Nametags

We offer a variety of plastic colors. Art and logos can be silk screened or hot stamped with names engraved to create a custom nametag for your company.

Thermal Multi-Color Nametags

Full color, crisp logos, photos or barcodes. A clear laminate protects the image from rubbing off. We can use your disk or scan camera ready artwork. The four color process is as unlimited as your imagination. Great for ID cards, membership, golf tags, name badges, discount cards, etc.

Different fasteners are available, choose one that is appropriate for your use.

Please contact us for more information or to place an order for engraved or thermal nametags.

DATERS

ESSENTIAL LINE

Heavy Duty

Band Cover

Our 12 year date bands (guaranteed minimum of 11 years) have a protective cover, thus making it impossible for ink to contaminate your fingers when changing the dates.

Soft Handle

The handle will not cramp your hands, and the soft material provides a comfortable feel.

Full Size Display Window

Full-size display window clearly shows the actual impression of the stamp.

Solid Structure

The curved metal frame ensures durability for frequent use. The new silent device allows quieter and smoother movements.

Elegant Design

The metal frame structure leads to an elegant feeling of design that sets it apart from the stereotype.

NON SELF-INKING NUMBERING STAMP

Our Numbering Stamps have deeply etched "endless" bands with perfect tension.

NON SELF-INKING DATE STAMP

A.D.A. BRAILLE SIGNAGE

Meets all A.D.A. (American Disabilities Act) specs.

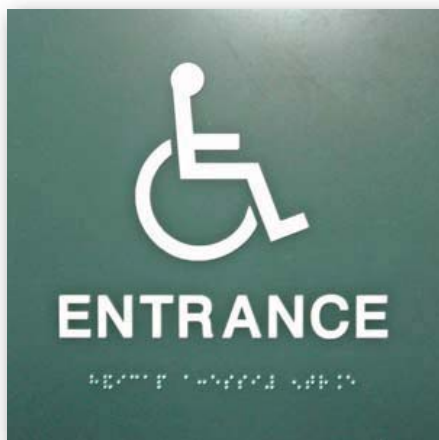

Engraved Signs with Raster™ Braille

Engraved acrylic signs with Raster™ Braille are a cost-effective way to meet your signage needs.

Available with or without frames, you may choose from panel signs or changeable, modular units.

Our wide variety of standard sizes and colors will provide your customers with an attractive, yet economical, sign system. All our products comply with the stringent requirements of the Americans with Disabilities Act (ADA).

Here's a close up example of Raster™ Braille. The braille beads are clear allowing them to take on the color of the background of the signage minimizing the visual impact of the design.

Features of our Raster™ Braille

- Meets all ADA requirements for dimension, spacing, dot height, and shape of Braille lettering
- Meets all ANSI A117.1-1998 standards
- Durable
- Weatherproof in all environments
- Attractive appearance
- Rasters™ are available in a variety of colors and materials

We are licensed manufacturers of **Raster™ Braille**.

Our customer service staff can help you with any custom sign needs you may have.

Important To Remember When Ordering:

- Sign Size • Sign Color • Letter & Braille Color
- Letter Style • Holder Color • Mounting Method

LASER ETCHED ITEMS

Through an amazing process, Photographic Images, Logos, and Text can be etched onto Wood or Glass Plaques, Urns, Pens, or Glassware.

Preserve your memories or make a thoughtful gift. Whether it's a picture of your favorite pet, a snapshot from your wedding or any other treasured memory, it can be preserved.

Call one of our trained Customer Service reps for more information.

MACHINE ENGRAVED ITEMS

Engraved Nameplates are available in a wide range of materials, including plastic, brass and aluminum.

We can supply signs alone, or mounted on wooden mounts, sliding door holders, desk top holders etc.

Ideal for Offices, Banks, Schools, Hospitals, Hotels, etc.

Signs can be made in any size, and engraved in a wide variety of character styles. We can even include your company logo for a professional touch.

CONTRACTORS

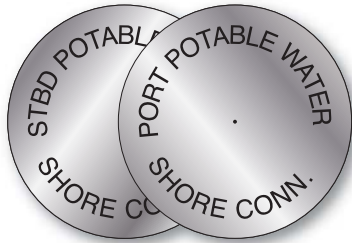

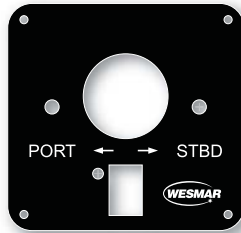

Electrical • Plumbing • General

Engraved plastic or metal plates

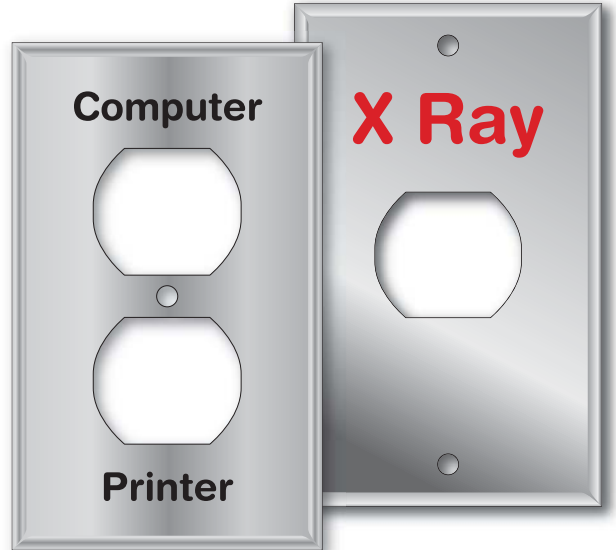

Heat Pump

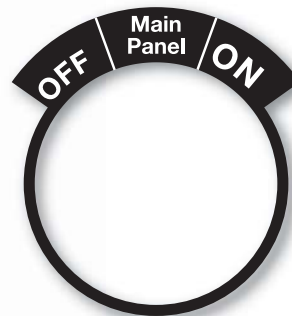

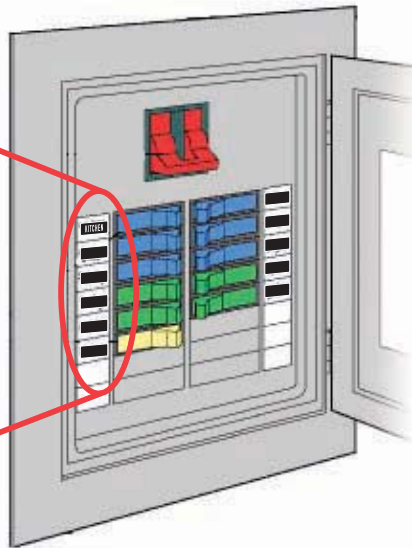

Boiler

Engraved Switch Plates

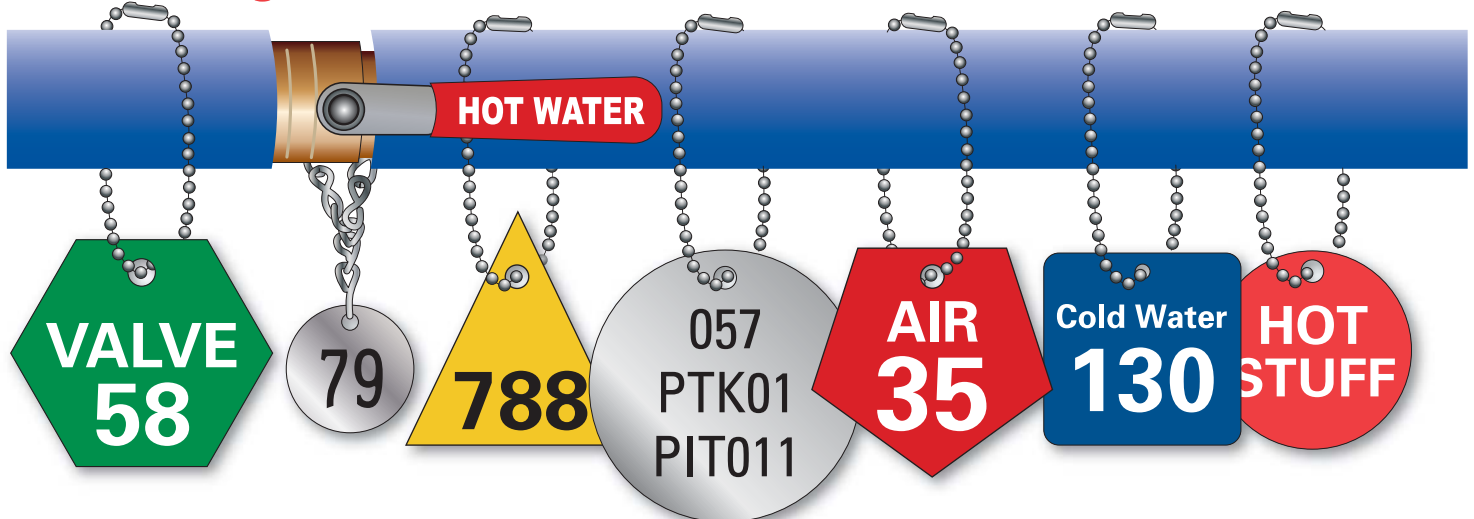

*We can engrave directly onto your Aluminum or Stainless Sockets & Switches.
Ideal for the Office Enviroment, Factories or Home use.*

Special Shapes

Valve Tags Valve tags are ideal for your home or company's pipe and valve identification programs.

STENCILS

Stencils are a useful product for marking items from boxes to bins to stacks of lumber. Our stencils are available in oilboard, mylar and aluminum. Any size with handles and hangers.

ALUMINUM

OILBOARD

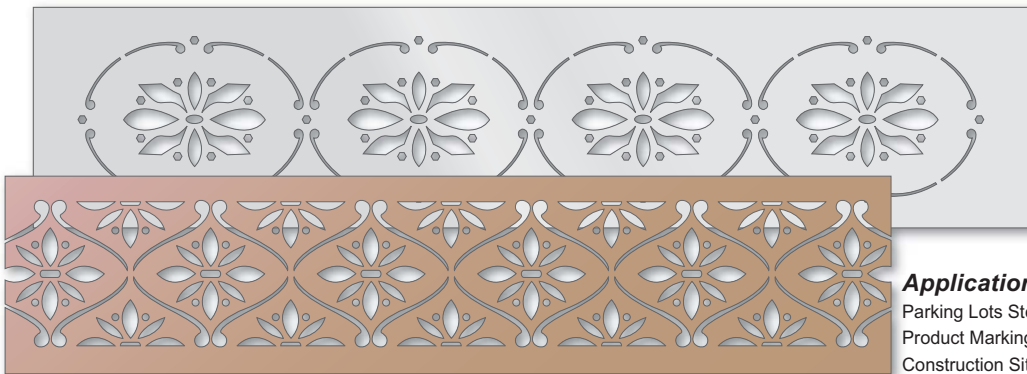

MYLAR

Through our integrated computer graphics system we can duplicate your logo using our new Universal Laser or Milling machines.

We can create stencils with changeable information for lumber sizes and grades.

CUSTOM MADE STENCILS

Applications:

Parking Lots Stencils • Curb Side Stencils • Tool Marking Stencils
Product Marking • Bakery & Cake Stencils • Crating & Boxing Stencils
Construction Site Stencils and many more...

Marsh inks for every marking need - Marsh produces its own inks under the strictest quality control and has the widest selection in the industry.

Marsh Foundation Rollers and Brushes - The first with pump action for fast, uniform dispensing of ink for strong, clear marks - no ink fade-out, no ink flooding.

P-T Temple's Stencils include letters A to Z, numerals 0 to 9, dollar and cent symbols, period, and comma, plus one extra A, E, O, R, S, and period. These stencils are made from heavy stencil board, .015-inch thick. Their large borders allow for variable spacing and prevents overspray.

Interlocking Brass stencils guarantee straight lines and easy to read characters.

POWERED BY TECHNOLOGY

The M-360 is the world's most popular laser platform. This workhorse laser features a standard table size 18" x 32", compatibility with two 60 watt lasers and is compatible with the most popular accessories including the rotary fixture for glassware, the cutting table for improved laser cutting and the production enhancing dual head. Personalize a bottle of wine or order the finest laser-cut nametags available. This machine's abilities are unparalleled.

The CDI Spark 5080 is a full-sized flexo imager able to produce larger format price-effective plates for corrugated converters.

The Esko CDI Spark 5080 runs all digital flexo plates as large as 50" x 80" (1270x2032mm) and as thick as 7.35mm (a little larger than 1/4 inch). Full format plates or ablative film, or partial plates of any size can be imaged.

Royal Mark Laser Engraver

Sharp, clean copy, and perfect, consistent relief are the signature of this machine. Rubber stamps have never looked so good.

Epson Stylus® Pro 9800

We use this printer to produce color accurate proofs for client approval before the final product. This gives us the capability to show the value of screens, traps and the clarity of colors on different substrates.

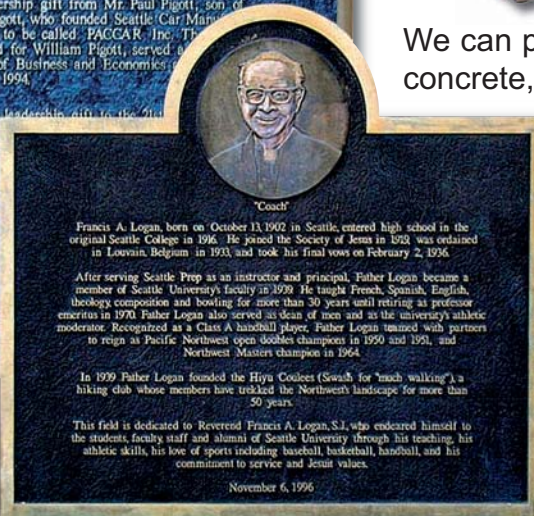

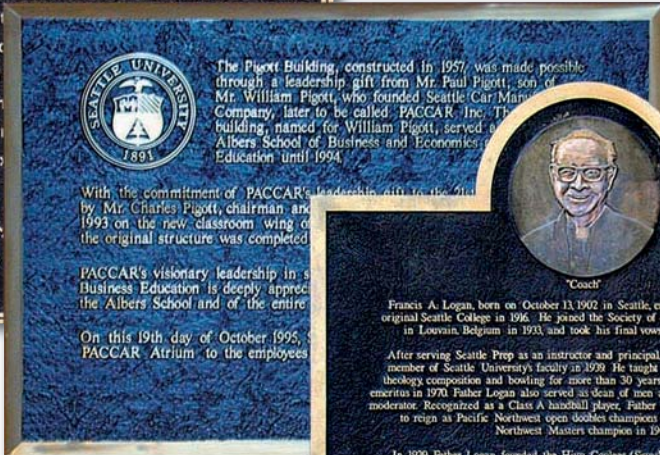

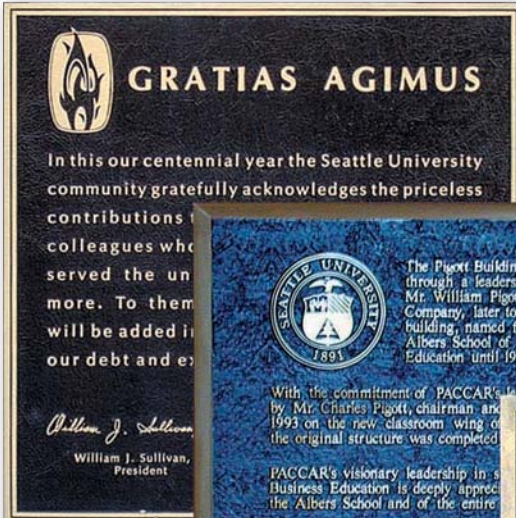

We also can produce full color banners on various media type, in roll or cut sheet, up to 44-inch wide. Suitable for displays or special announcements.

CAST BRONZE

Cast Bronze Plaques and Nameplates

The permanent beauty of solid bronze is enhanced by our graphics department. Our patterns duplicate your logos and text in most any size you need.

We can provide backing for mounting into concrete, wood and many other materials.

This is a great way to dedicate a building or garden area.

Cast Bronze plaques are very flexible in designs allowing for logos and line art and just about any font.

Cast Bronze will last for years with very little maintenance and as it ages the classic look lasts.

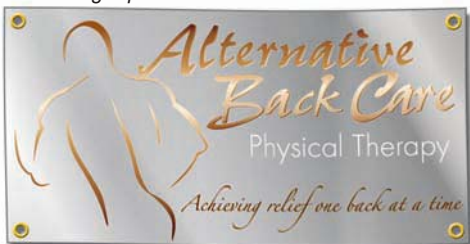

Contact our customer service staff for any questions or to place an order.

BANNERS

Full color digitally printed photographic banners. Your design or ours. Banners are an economical way to get your information to your audience when you can't be present. Let your banner display an advertisement or promotion for you at a low cost with high visibility.

Digital printing allows us to provide photographic images with extreme detail in unlimited colors. Our state-of-the-art wide format digital printers can produce images that were formerly impossible to reproduce cost effectively. Banners without color restraints can now be produced at competitive prices in limited as well as large quantities.

Vinyl Banners also available in many different colors!!

FLEXO Printing Plates

In every industry, on every level of production, packages are needed to ship and protect your product. These days the most important characteristic of such a package is identity - ranging from the basic to the complex.

Our flexography department is prepared to fulfill your design needs, whether it be geared for corrugated boxes, labels, bags, or even wood.

We provide full service graphic design, developing your packaging identity from scratch. We can also work with your prepared artwork, submitted via e-mail or provided on disc, and can reproduce virtually any image.

Thanks to our state-of-the-art Digital Laser Imager, we can produce plates of fine detail up to 50" x 80" in size.

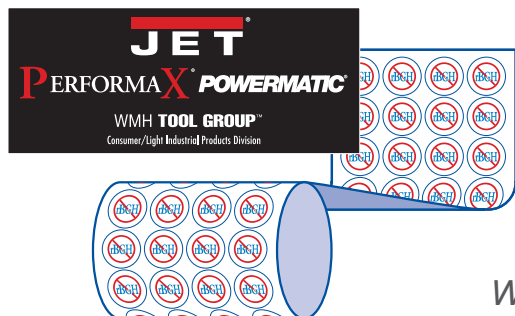

Additionally, we offer a complete mounting service, delivering your plates ready to go on press. Let our more than 30 years of experience take your printing process to the highest level.

LABELS

Labels are an effective, inexpensive way to identify your product.

We offer labels for industrial, commercial, or personal use in a wide variety of applications.

From product labeling to machine operating information, weddings, anniversaries, special events, etc., we can custom make your label in any design, color, multiple of colors and in nearly any size.

Our Graphics Department can offer creative ideas to enhance your label, or we can work from your supplied art.

We offer labels in sheets and rolls to meet your required volume.

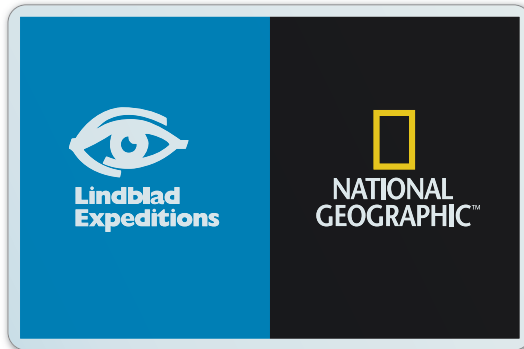

SIGNAGE

We are custom manufacturers of signs

Digitally Printed Signs

Laminated Signs

Custom Signs Plastic/Plexi/Raster

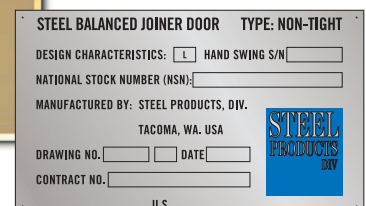

Brass - Stainless Steel

Etched Metal Signs

Aluminum - Bronze

Etched signs are produced by acid-etching graphic images into metal plates. Images with fine detail and small lettering are ideal for etched plaques.

Graphics can either be raised or recessed, then filled with any colors of your choice.

SIGNAGE

Vinyl Signs

Custom Made A-Boards

A-Boards are a great way to advertise your business and grab the attention of potential customers walking by your front door. Two sizes available: 32" x 48" & 24" x 32"

Window Vinyl Signs

Apply to any business front window glass, or automobile.

Turn any window into an attention-grabber with store name, business hours, phone numbers, or company logos.

Let our professional graphic designers help you lay out your vinyl window decals!
